SUMMARY

Experienced Web Developer with 2.5+ years of hands-on experience in developing and maintaining scalable, high-performance web applications using PHP, CodeIgniter, Laravel, AJAX, JavaScript, and MySQL. Proven ability to design clean, efficient code and implement innovative solutions that enhance user experience and site functionality. Skilled in both frontend and back-end development, API integration, and debugging. Seeking a Full Stack Web Developer role to contribute technical expertise, lead development efforts, and support a collaborative team environment.

WORK EXPERIENCE

Full Stack Web Developer

Nov 2022 - Present

A One Salasar(Thane, Maharashtra)

- Developed and maintained full-stack web applications using PHP, (CodeIgniter 3&4), Laravel and MySQL focusing on performance, scalability, and clean code practices. Fixed front-end bugs and improved UI responsiveness across mobile and desktop
- Built RESTful APIs for various business modules, ensuring smooth integration between frontend and backend systems. Wrote unit tests to ensure app stability during updates
- Proficient in working with databases like MySQL, I can design and maintain database structures, ensuring data integrity and efficiency
- Improved website performance by optimizing both frontend and backend code, reducing page load times and improving user experience.

EDUCATION

Master of Science in Computer Science

2023 - Present

University Of Mumbai, Mumbai

Bachelor of Science in Computer Science

2018 - 2021

Model College, Dombivali

- CGPA: 7.79
